

Southern Yemen: Displacement in Abyan governorate

10th July 2011

As of 4 July, **60,847** Internally Displaced Persons (IDPs) have been registered by the IDP Executive Unit, Government of Yemen. Aid distribution is currently ongoing and humanitarian actors are actively working on upscaling activities in order to respond to increasing needs. In Aden and Lahj food, WASH (water, sanitation and hygiene), NFIs (Non Food Items), health and protection programming is ongoing. Data on needs and humanitarian response capacity is limited in conflict areas in Abyan due to the high risk security situation.

The continue clashes between armed militant groups and the government forces has led to the displacement of more than **60,000** persons from Zingibar district.
